Room N245. I told the occupant of room N449, Chris Majewski to contact you should she have any questions about data and phone line placements.

Thanks,

Hi Jim,

One thing I forgot to ask you this morning: I believe you had told me that the data jacks in this room are connecting to a departmental server somewhere on the second floor by your room. Can you tell me what room number they will connect to? There's no data cables to there just yet so Burt asked me to put a scope together to get that done.

Thanks,
Marcin
